

designate Colonel of the Patrol, Robert Tagg, in setting up a new curriculum that specifically does not train men in any way, shape or form for firearms capacity because I, too, do not want them to have it. But I think it was pretty well addressed. It is there. I think this is just kind of a hassle on the bill at the last minute. I would rather see you oppose the amendment and pass the bill as it is on Final Reading. Thank you.

PRESIDENT: Is there further discussion on the motion? Do you want to close, Senator Haberman?

SENATOR HABERMAN: Senator Beyer, Mr. President, I am not hassling the bill. I have supported the bill. I voted for the bill and we don't know what is going to happen down the road, four, five, six, seven or eight years from now, so I don't understand why anybody would object putting this into the statutes because once it's not in the statutes anything can happen. I have the highest regard for the new commander of the State Patrol, but again it's a temporary and we don't know how long he is going to be there because I believe he is 61. So I'm not hassling the bill. The bill will come back. I'm sure this body will, if they want to attach the amendment, will put the bill back over and then that's the end of it. But I personally feel it is important we have this in there and I ask for your support. Thank you, Mr. President.

PRESIDENT: Is there further discussion on Senator Haberman's motion to return 395 to Select File for a specific amendment? If not, the motion is to return the bill to Select File for a specific amendment. All those in favor vote aye, opposed vote nay. The Chair will allow 20 seconds for the recording of your vote. We are on Final Reading. The motion is to return 395 to Select File for a specific amendment. Please record your vote. Ten seconds to record your vote. Senator Haberman.

SENATOR HABERMAN: Let's have a call of the house and then a roll call vote.
